Rustic Kitchen – Maple Syrup

- ◆ Piece will be used for a web based cooking show that highlights the importance of using fresh, natural ingredients from local farmers.

Walking Away

- ◆ This short film was shot on a budget of about \$600, used to secure permits from the City of Chicago, pay the special effects make-up department, feed a hungry crew, and a range of other expenses.
- ◆ As Producer I scouted locations along with the director, and was fortunate, and persistent, enough to find a spectacular office space in the historic "Jeweler's Building" off of East Wacker Drive in downtown Chicago.

October Surprise

- ◆ This short film was a largely student run production funded and produced by Flashpoint Academy.
- ◆ As A/B Unit producer I secured locations, cast about 30 extras, and coordinated scheduling with the five actors involved.
